Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

### Apples Apples Apples

Step 1: Show students the book Apples, Apples, Apples. Ask students to look at the cover and describe what the bunny is doing. Step 2: Review the question that is written on the chart paper. Ask students to think of different things that can be done with an apple after it has been picked from the tree.

### Apples, Apples, Apples Lesson Plan | Scholastic

Apples to Apples is a party game originally published by Out of the Box Publishing Inc., and now by Mattel. Players start with a hand of seven "red apple" cards, which feature nouns. A player is selected to be the first judge, and that judge plays a "green apple" card, which features an adjective.
