1. Introduction
1.1 Architecture as Relatively Neglected by Philosophy. Over the course of Western philosophy, including the history of aesthetics, architecture has largely failed to attract sustained, detailed attention—particularly as compared with other artforms.

The history of architecture traces the changes in architecture through various traditions, regions, overarching stylistic trends, and dates. The beginnings of all these traditions is thought to be humans satisfying the very basic need of shelter and protection. The term "architecture" generally refers to buildings, but in its essence is much broader, including fields we now consider ...
