The buried portion is often used for storage, laundry room, hot water tanks, and HVAC. Daylight basement homes typically appraise higher than standard-basement homes, since they include more viable living spaces. In some parts of the US, however, the appraisal for daylight basement space is half that of ground and above ground level square footage.

Basement - Wikipedia

Poorly Installed Window Well Covers: Window well covers are designed to prevent debris and water from reaching basement windows. If covers are loose or missing, water may reach and infiltrate basement windows. Ineffective Drain Tile: Drain tile is a buried drainage system close around the outer perimeter of a house. Tile is a misnomer since it ...

A Complete Guide to Basement Waterproofing

The cost to install egress windows in your basement ranges from \$2,535 and \$5,298, with an average of \$3,888. This includes \$100 to \$700 per window for materials and \$100 to \$250 per window for installation.. The total expense depends on several factors, mostly related to size, type, number and removal and replacement costs, if applicable.
