The photo above is a Cinva Ram manual press made from these plans by Mike Gross, President of Terra-Block Inc., Orlando, Florida. This press was developed and engineered in third world countries for manual use. Welding of parts is recommended as part of assembly, and mechanical expertise is necessary to build these block presses.

New GreenTek Cinva Ram - YouTube

Hydraulics seem like they would be simpler, but the cinva is ingenious in the way it pushes from both sides--greatly reducing the stress and size of steel needed. Getting the same pressure from hydraulics is surprisingly hard. The manual press cycles faster, too, until you get to a \$100k setup. I was shocked, too.
