So, after many years of using FL's pirated version (straight back to Fruity Loops days) to finally owning a full license, I can say the feeling is exhilarating. FL Studio, in my opinion, is the best DAW out there, because it caters to those who prefer the simpler pattern-based way of doing things, and with its new versions also welcomes those ...

Content. These options control how the sample and meta-data within it are handled: Keep on Disk - For FL Studio 32 Bit this can be used to free virtual memory allocation allowing more and/or larger Audio Clips / Sampler Channels to be used in the project. Sample data is moved from FL Studio's virtual memory allocation to a separate memory allocation. For FL Studio 32 & 64 Bit - It can ...
