HP Proliant ML350 G6 Server with Xeon processor | Desktops ...

I have an HP Proliant ML350 G5 server and after a regular shut down at the shutdown button, it didn't come back. I haven't seen its logs for months, and I just have for now the front led panels: The power button sometimes gets green, or amber. The internal and external leds (those two next to the power button) were blinking red.
